Hello Gaye

Thank you for putting these questions to me.

There seems to be some mis information out there put forward by a couple of candidates who should really take a good look in thier own closet before making statements.

1. I have never supported mainland development on Lake Temagami since I first started coming here. Coming from Muskoka and a Real Estate background I am well aware of what affect over development or saturation development has on a water body. I respect all of Temagami the same.

2. I have a deep commitment to the tax issue in Temagami for all rate payers, myself being one. This issue will require the political will to make the tough Capital Spending choices or cuts to be able to truly have any effect when it comes to assesment. MPAC will always be here and as has been shown in other areas we will have little to no effect with this process.

3.I do believe in the improvement of all of the above. With this comes User Fees and tighter regulation and monitoring. All which I believe can be accomplished at minimal costs.

4.Houseboats are a concern for a lot of people. Having been a former owner(family) of a houseboat on the Trent Severn for four years and then moved it to my fathers waterfront home on Muskoka Lake ( NOT WELL RECEIVED). I believe that we can regulate the commercial operators to at least use appointed non intrusive sites. The balance of private boats may be a little tougher. This issue requires a co operative effort with all.I believe it to be achievable.

Thank you and I would appreciate and not waste your support.

Respectfully Barry Graham

Subject: Questions

Good Morning,

I would like to thank you for providing your email address so that I could ask you the following questions. I do realize you will be very busy with the election but if you are able to answer the questions I will forward your answers to as many contacts as I possibly can. Hopefully that will provide some added exposure for your effort.

1. Would you be in favour of mainland development on Lake Temagami?
  
2. Would you be committed to reduce the tax burden imposed on cottage property by the MPAC assessment?
  
3. Would you be committed to improving the access road, parking and docking facilities for Lake Temagami and other area lakes where they are necessities?
  
4. Would you be interested in considering the impact of house boats on Lake Temagami?

Thanks Again and all the best in the election.
