Subject: Questions

Good Morning,

I would like to thank you for providing your email address so that I could ask you the following questions. I do realize you will be very busy with the election but if you are able to answer the questions I will forward your answers to as many contacts as I possibly can. Hopefully that will provide some added exposure for your effort.

1. [Would you be in favour of mainland development on Lake Temagami?](#)

The fate of this question has already been decided for us by the MNR. Should the issue of mainland development ever come to the table again all greed and selfishness must be put aside and I would hope that the municipality could deal with this issue open minded. We must remember those elected are there for the people and not for their own personal opinion.

2. [Would you be committed to reduce the tax burden imposed on cottage property by the MPAC assessment?](#)

My first and foremost commitment is to have the taxes and assessments reduced for all.

3. [Would you be committed to improving the access road, parking and docking facilities for Lake Temagami and other area lakes where they are necessities?](#)

yes I certainly would, we need more finger docks and a parking lots, I also feel that every tax payer should receive 2 parking passes, and all other should have to pay. But this cannot be done until we have parking lots that are fit for parking.

4. [Would you be interested in considering the impact of house boats on Lake Temagami?](#)

I would not want to put any business out of business because of house boats, so we need an area where house boats can dock and have a camp fire, and again there would have to be a fee for this, there are many area's on lake temagami where this can be done.

[Thanks Again and all the best in the election.](#)
