Subject: Questions

Good Morning,

I would like to thank you for providing your email address so that I could ask you the following questions. I do realize you will be very busy with the election but if you are able to answer the questions I will forward your answers to as many contacts as I possibly can. Hopefully that will provide some added exposure for your effort.

1. Would you be in favour of mainland development on Lake Temagami?

No I would not be in favour of mainland development on Lake Temagami, it would be a total shame to over develop the beauty of the shorelines of Lake Temagami lets keep things unique.

2. Would you be committed to reduce the tax burden imposed on cottage property by the MPAC assessment?

Yes, I think the assessment are outrageous for taxpayers, this we need to change!>

3. Would you be committed to improving the access road, parking and docking facilities for Lake Temagami and other area lakes where they are necessities?

Yes definately, we need more private slips for cars and boats,there are not enough docks for the amount of cottages and perment residents, as for the mine road, lets find some better ways to improve it and not by spending more on things that do not have results, gravel is the main problem I think.

4. Would you be interested in considering the impact of house boats on Lake Temagami?

Yes, I would be in favour of the impact of house boats, there needs to be strick regulations and they need to have routine checks to make sure they are not destroying our crystal clear waters of Lake Temagami.

Thanks Again and all the best in the election.
